New York, or that part of it known as Tammany, is silent. Neither Mr. Croker nor ex-Senator Murphy is saying a word.

"You are the man to run against Roosevelt," Croker is said to have remarked to Judge Van Wyck. "You came very near defeating him for governor, and the way they feel toward him in New York now you can beat him." Garfield Park July 4th.

Senator Murphy is said to have agreed to this statement. Judge Van Wyck is said to have protested that friends of his would not put him in the vice presidential tace and he hoped nothing of the kind would be done. Some of the southern delegates are talking favorably of Van Wyck, and he may be the New York card to be played at the proper time.

The visit of Senator Hill to Mr. Bryan

The visit of Senator Hill to Mr. Bryan is still a mystery to the Tammany men. They do not know what to make of it, and have been busily speculating today. They have figured out that it was through Mayor Maguire of Syracuse, who also is at Lincoln, that the invitation was sent by Mr. Bryan to Hill and that the object of Bryan is to get Hill in line so that he will not repeat the performance of 1996 and remain silent during the campaign. One thing is certain, the Democratic leaders from New York now here expect to have a conference with Mr. Hill on his return from Lincoln and until that conference takes place no programme will be agreed upon.

FIFTY COUNTIES.

That Many Represented at Silver Republican Convention.

Indications That the Cause is by No Means Dead.

EXPLAIN THE WHY.

Resolutions Cover All the Causes of Defection.

Ex-Congressman Chas. A. Towne to Speak Tonight.

The Free Silver Republican State convention met in Representative hall at 11 o'clock this morning and was called to order by Webb McNall who was elected temporary chairman. Dr. Craig of Anderson county was made temporary secretary. Not one speech was made during the session. About 50 countles were represented, the largest delegation being from Butler county. All the delegates are full of enthusiasm and hope to be able to land Chas. A. Towne on the national Democratic ticket.

Affer the convention settled down the chairman appointed the following com²

The platform closes with: "To counteract the baneful influences being exerted to continue the plunder of the tax payer, the subversion of the civil service, the tendency to entangling foreign alliances, the rule of trusts and monopolles, the reign of imperialism, we turn to our state of Nebraska to a citizen without fear and without reproach, a leader who knows no party boss, a Christian with an abiding faithin the people of the United States, their intelligence, their honesty, and their patriotism, one who believes in a government of the people, for the people and by the people, William J. Bryan, our candidate for president. And as a pearless associate we name the scholar, statesmain, and orator, Chas. A. Towne of Minnesota, and request the Democratic delegation of our state to give him the same enthusiastic support for the nomination of vice president that the delegates of this convention are piedged to give him in Kansas City."

After the resolutions were adopted the convention adjourned until 2 o'clock,
This evening, Chas. A. Towne, the candidate for vice president, will address the convention in Representative hall. He will be introduced by Joe Waters who will take a side shot at Eugene Ware on account of his pamphlet, "Hello, Kansas!" The convention will choose 85 delegates to the national convention and it is expected that fully 300 Kansans will attend the national convention in Kansas City. Dr. F. B. Lawrence stated this morning that the number would not be less than 250. After the resolutions were adopted the

PRAYER WAS ANSWERED.

[From the Philadelphia Times.]
The Rev. E. E. Dixon, a prominent Methodist clergyman of Stroudaburg, Pa., will be called upon to defend in court an answer to a prayer offered, calling for divine vengeance on a brewery. Capitalists recently erected a large brewery in the Rev. Mr. Dixon's parish. It caused much comment and was made the subject of a vehement prayer from the minister, in which he called upon God to strike with lightning the new brewery being erected in that place. Shortly after, during a violent storm, lightning struck the brewery, partially wrecking it, and knocking from a ladder two sons of another Methodist minister who were at work on the building.

VAN WYCK'S PLATFORM. Confines Itself to Trusts, Imperialism

and the Tariff.

Kansas City, Mo., July 2.-Judge Au-

Kansas City, Mo., July 2.—Judge Augusfus Van Wyck, of New York, has a draft of a platform which has been submitted to the southern delegates and is said to have met with some favor. The document reaffirms the Chicago platform and practically confines liself to three questions—the trusts, imperialism and the tariff. It says:

"In reaffirming the principles declared in the platform adopted four years ago we recognize the new questions that have arisen in the meantime, and are not to be understood as turning our faces from the problems that now most urgently confront the country to those which, though rightly emphasized by the Chicago convention, have been for which, though rightly emphasized by the Chicago convention, have been for the present somewhat shorn of their un-gency by the course of recent events. When the very life of free institutions is at stake we think it encumbent upon all patriots to wave their lesser differ-ences to the end that their united strength may be against the common enemy."

enemy."
As to trusts, the platform declares that, "In the nation, in the several states and in every municipality the democracy, through all its organizations, will wage unremitting war for the stamping out of these conspiracies to re-establish, under different forms of trade, the power of the few to rule and rob the many. If the laws already on the statute books be found inadequate to the ute books be found inadequate to the

will admit of no excuse for official inactivity."

With reference to imperialism, there
is the following:

"We make a clear distinction between
expansion and imperialism. By the
former we mean that just demand of a
raipidly growing people, distinguished in
the highest degree of skill in manufactories, enterprise in commerce and unrivalled capacity in agriculture, for access to ever-onlarging markets, while
by the latter we mean that un-American spirit which would identify our flag
with tyranny, repudiate the principles
upon which the republic was founded
and commit us to the abhorent task
of stifling with the bayonet the natural
aspirations of weaker communities for
ilberty. There are necessary measures
to be taken alike in the Philippines
and China for the maintenance of the
commercial interests of this republic as
well as for the effective exercise of our
naval and military authority in the Paciffe ocean and these the demander naval and military authority in the Pa-cific ocean, and these the democratic party will, without violating any principarty will, without violating any princi-ple either of our own declaration of in-dependence or the rights of other peo-ple, not hesitate t otake; but we pro-test against the monstrous pretense that, in order to secure the objects here indicated we must invalidate our own claim to respect as a nation."

The tariff plank declares that "tariff reform is called for over the entire circle of our so-called protected industries."
